GYMNASTRADA '85 "MAKING A DIFFERENCE"

Alpha Factor kicks off new USAIGC Skill Test Program

Alpha Factor is promoting its Gymnastrada Skill Test Program with Bart Conner.

Alpha Factor announces its sponsorship of the Gymnastrada Skill Test Program in conjunction with the US Association of Independent Clubs (USAIGC). The program features an exciting new Gymnastrada wholesale line that includes quality gymnastic apparel and accessories. Participation is absolutely free and available to member USAIGC schools and clubs, throughout the USA. Designed for increased income and easy administration, Gymnastrada '85 is scheduled to kick off in February and to increase momentum throughout the year.

The program provides a system of skill progressions and competitions for the independent club members. Progress charts, merit stars, and citations of achievement add to the excitement, accomplishment and self-respect of the participating children.

Previous Gymnastrada promotions were aimed at those youngsters *already* involved in gymnastics, with little if any effort given to the many other children not yet enjoying the sport. A special task force of Alpha Factor personnel and outside marketing communications professionals went to work immediately to decide how to best stimulate this vast potential. It was soon realized that our own USAIGC kids were the perfect ambassadors. Who better to reach kids than kids!

In the truest sense of the word, Gymnastrada '85 means OPPORTUNITY. For participating USAIGC schools and clubs, there are increased funds to improve the quality of their independent programs. For the current list of USAIGC youngsters, there is greater pride and accomplishment.

And, for thousands of children everywhere, there will be the thrill of discovery—their self-discovery of an opportunity called gymnastics. Gymnastrada '85. ***IG***
